Scholarship Program

Photographic Center Northwest (PCNW) is pleased to offer a need-based scholarship program. We recognize that the heart of PCNW is our community, comprised of individuals from diverse walks of life. Each year we welcome hundreds of students to our classes and workshops from a variety of backgrounds, abilities, professions, age groups, all bringing diverse interests, new perspectives, and a passion for learning the art of photography.

Scholarship Opportunities

Master Level Scholarship

Partial tuition scholarship to one course or workshop

Master Level need-based scholarships are available to students who would like to continue their photographic education through participation in an advanced class. This scholarship is geared towards supporting students who have developed a passion for photography through taking introductory courses and would like to continue to develop their artistic or professional work. Priority consideration will be given to those enrolled in the Certificate Program or those who have graduated from the Program.

Emerging Photographers' Scholarship

Partial tuition scholarship to one course or workshop

Emerging Photographer need-based scholarships are available to students who are interested in pursuing a career, certificate, or degree program in the photographic arts or a related profession. This scholarship may be used for an introductory course.

Details of Scholarship Awards

- PCNW reserves the right to determine which courses and workshops are available for subsidized tuition.
- Scholarships may not be used towards any cost except tuition; scholarships are not cash awards they are applied as a discounted rate towards a class. As such, scholarship applicants who want to ensure that they secure a space in a particular course, regardless if they receive a scholarship towards that class, should only pay the 15% deposit for tuition; refunds will not be provided to students who pay the full tuition and are subsequently awarded a scholarship as scholarships are not cash awards (the award would then need to be used toward another course, or is forfeited). PCNW will not award scholarships to applicants who have paid the full tuition for a course prior to or at the time of applying for the scholarship, or prior to receiving notification regarding a scholarship award for that course.
- “Partial tuition scholarship” means that the PCNW will subsidize up to the awarded scholarship amount for one course during the quarter for which you apply.
- Scholarships do not include materials or any required fees for the course/workshop. Students are responsible for providing their own equipment, materials, and books as required by the course.
- Students are responsible for payment of any remaining tuition balance not covered by scholarship funds in accordance with our registration and payment policies.
- Scholarship funds are valid only for the quarter they are awarded; scholarships cannot be applied towards future quarters.
- All attendance and withdrawal policies apply and no academic credit will be awarded for incomplete courses due to withdrawal.
- Tax returns and pay stubs will be shredded at the start of the term and therefore must be resubmitted with each new application
