Photographic Center Northwest 2018-19

About Us:

Photographic Center Northwest (PCNW) is a nonprofit educational institution facilitating creation, conversations, and experiences of significant photography. Through our 53-credit Certificate Program in Fine Art Photography, classes and workshops; exhibitions; robust schedule of public programs; and publicly-accessible photographic facilities we foster dialogue in the region through the global language of today. After nearly 30 years PCNW still maintains a start-up spirit with a dynamic and fast-paced workplace environment.

The Position:

PCNW seeks an out-going and motivated Development Intern to assist the Associate Director in planning of PCNW's [2018 Benefit: Ways of Seeing](#). The event includes cocktail hour, a seated dinner and dessert, and a silent and live auction of more than 40+ photographs. The Development Intern will be responsible for supporting outreach, marketing, and procurement efforts.

Responsibilities may include but are not limited to:

- In-kind donation procurement as related to auction items and as related to event support
- Admin support, as related to mailings, marketing materials, etc.
- Support with art preview and other related events
- Volunteer coordinating for event

Depending on length of internship and interest of individual additional areas of growth may include strategic analysis of fundraising efforts; implementation of moves management plan; assistance with grant research and writing, and planning and/or support of spring community fundraiser(s).
